

SPECIAL REPORT SUBARTICLE

Top quotes of 2013

BY AMEDEO TUMOLILLO

19 DECEMBER 2013

**"A study of 30 children with
'autism' may really be a study of
up to 30 different disorders."**

*David Ledbetter, Geisinger Health System, on
viewing developmental disorders as a
continuum.*

Our favorite quotes from autism researchers in SFARI.org articles throughout the year.
